To whom it may concern,

I have had the pleasure of being a client of Mr. Albert Ramudo with Icon Design Group, Inc. for over 21 years. As a physician and resident of Boca Raton, Florida, Mr. Ramudo has functioned as both my architect and general contractor for my home and office facility.

Mr. Ramudo has designed and executed two major renovations of my home, an intracoastal property in east Boca Raton. The first of these projects was in 1991, and the second more major renovation was in 1995. In both cases the projects were performed within the scheduled time frame. The quality of the work was superior and met all my expectations. The initial project was completed at a total cost of \$120,000; the second project carried a total cost of \$700,000. In the latter case, a second-story addition provided 2000 square feet to the existing 3000 square-foot structure.

In regards to my professional office, Mr. Ramudo has handled several renovations and updates. I have a fully accredited facility for outpatient surgery. He has assisted us in maintaining an up-to-date surgical suite and office, meeting strict codes imposed not only by the Florida Board of Medicine, but also by our national certifying facility, AAAASF.

Please feel free to contact me for any additional questions. My office number is 561-368-9455.

Sincerely,

Cristina Frexes Keusch, M.D.
